COMPETENCIES

- ^ Identify project and company risks and opportunities.
- ^ Carry out monthly site measurements and prepare interim evaluations, including labour, materials, management, plant, equipment, and escalation values.
- ^ Monitor site progress and ensure that claims for loss and expense recovery are submitted timeously and agreed with the customer, in liaison with the Project Manager and in accordance with the relevant contract conditions.
- ^ Highlight areas where target costs and sales are not being achieved through monthly reporting to the Commercial Manager.
- ^ Monitor, mentor, and develop junior employees.
- ^ Undertake any other ad hoc duties as assigned from time to time.
- ^ Support the Project Manager in maintaining project management documentation, including the Project Management Plan (PMP), Risk Management Plan (RMP), Scope of Work (SOW), Work Breakdown Structure (WBS) Dictionary, and Responsibility Assignment Matrix (RAM).
- ^ Contribute to team objectives by delivering results in a cooperative and supportive manner.
- ^ Work autonomously with minimal supervision.
- ^ Travel to various project sites as required.
- ^ Liaise with Project and Contractor teams to ensure a consistent basis for all project costs and plans.

Company Information

At Aurex we value the dynamic element of diversity and embrace the different perspectives everyone brings to the business. We appreciate the authenticity that each individual contributes as we create an inclusive working environment where everyone brings their whole selves to work every day. As we strive to be an employer of choice, we ensure that our employees are fairly treated. We promote physical and mental health for everyone. At Aurex, our people matter.

In terms of our Employment Equity policy, preference will be given to applicants who are disabled or from a previously disadvantaged background. If you have not heard from us within 30 days of your application, please regard your application as having been unsuccessful.
